Re: Proposed Parking for Evelyn's Park Conservancy

Dear Mr. Miller:

This letter will serve as an additional thirty-six (36) month extension to the letter dated April 3, 2013 from CenterPoint Energy to The City of Bellaire. (See Exhibit "A"). During this time period, the CenterPoint Energy property under review will remain on administrative hold. Thank you.

Very truly yours,

CenterPoint Energy Houston Electric, LLC
A Texas limited liability company

Re: **Proposed Parking for Evelyn's Park Conservancy**

Dear Ms. White:

Thank you for your inquiry regarding the use of CenterPoint Energy (CenterPoint) property for public parking. The tract of land you are interested in is located at the 4300 block of Bellaire Blvd (See Exhibit A). This area is available for parking purposes. Effectively immediately, I am placing an administrative hold on this parcel for twenty-four (24) months, meaning it will be unavailable to the general public until such time as I receive official notice from you that The City of Bellaire desires to negotiate a license for the area or cancel their initial request to reserve the property. This administrative hold is subject to the operational needs of CenterPoint Energy.

The City of Bellaire currently holds a license from CenterPoint Energy for parking purposes at Mulberry Park (See License L376). A similar agreement may be granted for any future requests.

If you need additional information, please contact me by phone at 713-207-6212 or at my email address: john.collins@centerpointenergy.com.

Very truly yours,
