Subject: Dog Pound Information

The dog pound is still located at 4337 Edit, behind the Public Works facility.

If a dog is not picked up by it's owner, after 3 the dog will be taken to a local vet for vaccinations and checkup. After the dog has been seen by the vet, the Animal Control Officer will work with outside agencies to have the dog adopted by someone. The length of time a dog stays in our pound will vary depending on how long it takes for the dog to be adopted.

The number of dogs picked up this year are as follows:

2021 (Thru August 31st) - 35

Average 4 per month or 1 per week

2020 - 28

Average 2 per month or 1 every 2 weeks

2019 - 53

Average 4 per month or 1 per week

2018 - 41

Average 3 per month or <1 per week

2017 - 46

Average 4 per month or <1 per week

2016 - 28

Average 2 per month or 1 every 2 weeks

Daniel Kerr
